A WORD FROM THE DIRECTORS

Sometimes you find yourself somewhere you never thought you would be, but it's also exactly where you need to be. Jesus is funny like that. When I started learning ASL as a hobby in high school, I never imagined that I was setting myself for a journey I'd be taking for life. Starting Hands In! fulfilled dreams I never realized I had. I'm so blessed that God brought me here. Thank you all for coming along this journey with us! Special thanks to my co-director, Haley Beach, without whom, none of this would be possible. I would also like to thank our families, and especially our moms-Amanda and Marilyn, for letting us raid their houses for props, turning their dining rooms into dressmaking shops, and not getting upset when paper-mâché got stuck to their hardwood floors. You are angels! Thanks to the cast and crew and parents for all their hard work! I'm in awe, grateful, and so proud of all of you! Thanks to my family at Hebron Christian, for giving us rehearsal space, and for embracing and supporting us!! Thanks to all of you for coming to see the show! You are the community that we do this for, your support is invaluable! And above all, Thank God, for all the little things that He orchestrated to get us here. I hope you all enjoy the show!

-Amara Ede

Two years ago, I had the most important chicken sandwich of my entire life. I asked a fellow Camp D.O.V.E. counselor to meet me at Chick-fil-a and brainstorm some ideas about Deaf ministry for the upcoming year.

Little did I know, that chicken sandwich would become the full-scale operation you see today. God gave me a lifelong friend and a family at Hands In! that I didn't even know I needed. I have been so blessed to meet each and every one of our actors. I cannot begin to describe my excitement about the future. The community here is one of the sweetest I have ever been a part of. Thank you to my "right-hand man," Amara Ede for your nonstop encouragement and support. You inspire me daily. Two are better than one. Thank you for being my partner in all of this. Thank you to everyone in my family and the community who had a "hand" (pun intended) in making this show possible. I hope you enjoy our cast as much as I do!

-Haley Beach

I started learning ASL a little over two years ago, and I fell in love with the language, culture, and community. However, I had no idea that getting involved in the Deaf community would completely change my life. From camp counselor and medical team experience with Camp D.O.V.E to having the opportunity to visit a Deaf school in Kingston, Jamaica, I've been truly humbled by the doors that have been opened for me as I've learned sign language. I also hope to use ASL in my future career as a medical professional to provide equal access to healthcare for the Deaf. In the same way, I love that HandsIn provides a Deaf friendly theater experience for everyone to enjoy. My favorite part of these productions is seeing people improve their signing skills dramatically within a matter of months. I'm so proud of our cast! Thank you to our cast for all of your hard work, and thank you to our audience and sponsors for your support. We hope you enjoy the show!

-Jami Dillard

THANK YOU TO OUR SHOW DONORS!

The Goodin Family
