WHAT IS "A SIGHT ON THE TOWN"?

"A Sight on the Town" is an American Sign Language talent showcase coming March 29, 2019 to Athens, GA! Unlike the traditional Hands In! musical, you will audition with the piece you would like to perform onstage during the show. You can audition with a poem, short play, musical piece, dance piece, etc. The possibilities are endless! Submissions should be performance ready. You can solo audition, or audition with a group! Get creative! We are looking for unique people and pieces!

HOW DO I AUDITION?

Auditions will be accepted online until 11:59 PM on February 15th, 2019. Email your video audition to handsinpresents@gmail.com along with any pertinent documents (i.e. scripts, music files if the piece is an original). We will respond within 1-3 business days after the submission deadline!

A WORD FROM THE DIRECTORS

Wow! It's so hard to believe that a year ago, Hands In was still just a dream! So much has happened in the last year and I cannot believe how far we have come--to producing our second show this season! It's been an incredible ride and I'm so blessed by everyone who has been a part of it. Special thanks to: the cast (each one of you is more perfect than I could ever have imagined I'd be lucky enough to find!); our crew and volunteers for pulling all the weight; the Powell's and Hebron Christian Church for rehearsal space and all the set and props we've borrowed; and to Brian and Martha, whose passion for ASL gave our plain script beautiful expression. And to my wonderful directorial crew- Haley and Chris, all the late night writing sessions and illegible choreography charts were only worth it with you two on the ride. Thanks to everyone for coming to see the show! Your support is invaluable, we would not be here if not for you! "Tonight is a dream come true."

-Amara Ede

What a year it has been here at Hands In! We have walked through fire to get where we are today (quite literally at times I'm afraid), but I would not trade it for anything! I am blessed that God has given me such wonderful people to look up to who inspire me daily! The performers that you will see tonight are more than just actors, voicers, and dancers. They are a family. I have watched them laugh, cry, quibble (at times), and love each other through an entire season of life. They have overcome communication barriers and supported each other through every obstacle. Deaf and hearing alike have come together to form one community, and I am beyond grateful to be a part of it. If you find yourself searching for a unique experience, a community, or even a family, I invite you to join our future productions. If not, I invite you to come see the magic they create! Our cast and crew do a phenomenal job, and they could not do it without all of you! Thank you to everyone who made tonight possible. We owe you a great deal and we are forever grateful.

-Haley Beach

Since I joined Hands In, I have been astounded at the work they are doing and how beautiful it is! By seeing this show, you are not only supporting the hard work of an INCREDIBLE cast and crew, you are also supporting the start of an amazing adventure to join the hearing and Deaf communities through accessible and revolutionary theatre.

The show you see tonight will not only mesh two means of communication, but also two well-known stories and two distinct but interwoven communities. Ever After has been an incredible journey full of trials and lessons for everyone involved! The people you see onstage tonight came in with little to no signing or dance experience, but they more than made up for it with their hard work and dedication. Tonight we invite you to join us as we explore a original world in which a young girl and a prince find true love, and a pauper finds himself too. We also hope you find yourself in love with an new way of storytelling and start your own journey to learn ASL or get involved in the Hands In! community! I am truly blessed to have joined the directing team for this show and I hope you enjoy our production of Ever After!

-Chris Carpenter
